On December 9, 2003 a telephonic interview was conducted between Applicants' Attorney, Melanie Gover, Examiner Jane R. Rhee, and Primary Examiner Sondra Nolan regarding the pending application, and in particular the final Office Action having a mailing date of September 24, 2003. The independent claims, specifically claim 1, were discussed. Prior art reference U.S. 5,589,667 (Tsukasaki) was discussed. Applicants' attorney discussed removing the term "extruded" from the independent claims and adding language that better described the difference between the core structures of Tsukasaki, which are formed by interlocking the edges of a flat sheet of material, and the core structure of the present invention, which is extruded as a cylinder. No agreement was reached regarding suitable language.

Please charge Deposit Account 13-3723 any amounts due and owing by reason of this interview summary. For further questions, please contact Applicant's attorney who may be reached at telephone number (512) 984-4308.

Respectfully submitted,
